

MEDIA ALERT

EPOS enters Works With Chromebook program

Copenhagen, Denmark – January 19, 2021. EPOS, the premium audio solutions brand for Enterprise and Gaming, is delighted to announce their new partnership with Chromebook, and proud to offer audio devices that work seamlessly with Chromebooks and Chromebook native apps.

EPOS enters Chromebook's Works With Chromebook program with two headsets newly certified for Chromebooks. The first headsets to receive this certification are the IMPACT SC 230 and IMPACT SC 260 USB headsets with single and double-sided options.

"Today, we announce a new milestone in our ongoing work forming working relationships with strategic partners to deliver world-class audio solutions for individuals and businesses," said Theis Mørk, Vice President of Product Management at EPOS. "This new partnership and certification of our headsets for Chromebooks highlights our commitment to designing superior audio solutions, engineered to connect people intuitively and effectively."

Optimized for Unified Communications, the IMPACT 200 line features noise-canceling microphones and delivers natural sounding conversations through EPOS' advanced audio technology. Certification is done through robust audio testing in a 3rd party lab and ensures enhanced audio performance with Chromebooks.

ABOUT EPOS

EPOS is an audio and video solution company developing and selling devices for business professionals and the gaming community. Based on leading and advanced technologies, the Danish founded company delivers high-end audio and video solutions with design, technology and performance as paramount parameters.

The establishment of EPOS is based on the decision to let the business segments of the joint venture – known as Sennheiser Communications – between Sennheiser Electronic GmbH & Co. KG and Demant A/S evolve in different set-ups. Alongside the introduction of a new own-branded portfolio, EPOS continues to sell the current Sennheiser Communications portfolio co-branded as EPOS | SENNHEISER.

EPOS is part of the Demant Group – a world-leading audio and hearing technology group. As such, it builds on more than 115 years of experience of working with innovation and sound. With headquarters in Copenhagen, Denmark, EPOS operates in a global market with offices and partners in more than 30 countries.
