

One Microphone to Record All Content

Capture your audience and build your listening base with the EPOS B20 USB streaming microphone.

Sound Like a Pro, Stream Like a Pro

Made specifically for streamers and content creators, the EPOS B20 microphone is designed to deliver perfect studio quality sound.

- Picks up your speech and stays true to your voice
- Studio broadcast quality with 24bit and 48 KHz when recording

Plug it, Stream it, Record it

Whether you are a beginning or seasoned game streamer, the B20 microphone gives you one less thing to worry about when setting up to stream live.

- Plug & play for hassle-free ease of setup and use
- Dedicated desk stand and possibilities for use of boom arm to fit your setup

1.

Solo streaming

Four Scenarios, Unlimited Possibilities

Your Stream, your voice! From solo streams to partner broadcasts – and even the streaming of team gaming – this versatile microphone covers all recording scenarios for optimal gaming content creation.

2.

Stream together - from the same side

3.

One-to-one conversations

4.

Roundtable settings

Made for Gamers, Perfected for Streamers

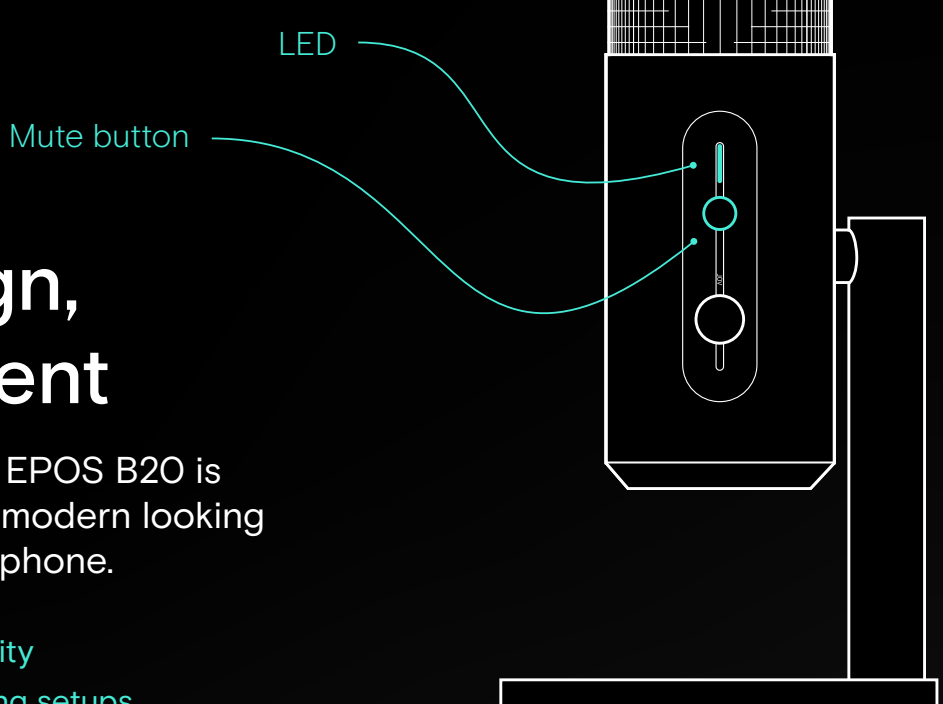

Take back control of your audio with intuitive, built-in controls. Volume, gain, mute and microphone pickup patterns are right at your fingertips.

- LED indicators tells you whether your microphone is live or muted
- Built-in headphone jack for monitoring of your voice and game audio (through Gaming Suite)

Quality Design, Quality Content

Built from quality materials, EPOS B20 is synonymous with a robust, modern looking and easy-to-operate microphone.

- Reliable and superb build quality
- Designed to fit into all streaming setups

Your Microphone, Your Choice

Fine-tune and customize your sound to fit your unique, personal preferences with EPOS Gaming Suite.

- Customize recording and playback EQ, including gain, voice enhancer, noise gate levels, and reverb
- Ability to toggle between 7.1 surround sound and 2.0 stereo when your headset is connected
